Fiscal Year 2022 Department of Defense Parkinson's Research Program (PRP) Reference Table of Award Mechanisms and Submission Requirements

| Award Mechanism | Eligibility | Key Mechanism Elements | Funding | Submission Deadline |
|---|--|---|--|---|
| Early Investigator Research Award Go to: • Program Announcement • General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-22-PRP-EIRA | Investigator must be a postdoctoral or clinical fellow, instructor, or assistant professor within 10 years of advanced degree or residency training completion (or equivalent). | Supports research opportunities for investigators in the early stages of their careers and must exhibit strong potential for and commitment to pursuing a career as an investigator at the forefront of PD research. Principal Investigators (PIs) must have at least one Mentor, who has experience in Parkinson's disease (PD) research and mentorship. <i>Must</i> address at least one of the FY22 PRP Focus Areas. Preliminary data are not required but encouraged. Submission of a Letter of Intent is required prior to full application submission. <i>Clinical trials are not allowed.</i> | The maximum allowable funding for the entire period of performance is \$400,000 for total costs (includes direct and indirect costs) The maximum period of performance is 2 years | Pre-Application (Letter of Intent): August 16, 2022 5:00 p.m. Eastern time Application: September 1, 2022 11:59 p.m. Eastern time |
| Investigator-Initiated Research Award Go to: • Program Announcement • General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-22-PRP-IIRA | Independent investigators at or above the level of assistant professor (or equivalent) | Supports highly rigorous, multidisciplinary, high-impact research projects that have the potential to make an important contribution to Parkinson's research. This award mechanism supports the full spectrum of research from basic science through clinical research. <i>Must</i> address at least one of the FY22 PRP Focus Areas. Preliminary data to support feasibility are encouraged but not required. Submission of a Letter of Intent is required prior to full application submission. <i>Clinical trials are allowed.</i> | The maximum allowable funding for the entire period of performance is \$1.2 million (M) for total costs (includes direct and indirect costs) The maximum period of performance is 3 years. | Pre-Application (Letter of Intent): August 16, 2022 5:00 p.m. Eastern time Application: September 1, 2022 11:59 p.m. Eastern time |
| Synergistic Idea Award Go to: Program Announcement General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-21-PRP-SIA | Independent investigators at or above the level of assistant professor (or equivalent) | Supports new ideas that represent synergistic approaches to PD research involving two to four PIs at the assistant professor (or equivalent) level or above. The combined efforts of the PIs should utilize their complementary and synergistic perspectives to address a central problem or question in Parkinson's research. Designed to support both new and pre-existing partnerships and encourages participation of PIs from other research fields. <i>Must</i> address at least one of the FY22 PRP Focus Areas. Preliminary data to support feasibility is encouraged but not required. Submission of a Letter of Intent is required prior to full application submission. | The maximum allowable funding for the entire period of performance is \$3.0 million (M) for total costs (includes direct and indirect costs) The maximum period of performance is 4 years | Pre-Application (Letter of Intent): August 16, 2022 5:00 p.m. Eastern time Application: September 1, 2022 11:59 p.m. Eastern time |
