Fiscal Year 2015 Autism Research Program Reference Table of Award Mechanisms and Submission Requirements

Award Mechanism	Eligibility	Key Mechanism Elements	Funding	Submission Deadline
Clinical Trial Award Go to: Program Announcement General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-15-ARP-CTA	Investigators at or above the level of Associate Professor (or equivalent)	 Supports research with the potential to have a major impact on the treatment and/or management of autism spectrum disorder (ASD). Applications in the following areas are strongly encouraged: Behavioral, cognitive, and other non-pharmacological therapies Pharmacological treatments in autism or well-defined subgroups of autism Dissemination/Implementation of efficacious behavioral interventions (including measures of fidelity and outcomes) Therapies to alleviate conditions co-occurring with ASD (e.g., sleep disturbances, gastrointestinal issues, aggression, depression, anxiety) Preliminary data relevant to the proposed project are required. Pre-application is required; application submission is by invitation only. 	 The maximum period of performance is 4 years. The maximum allowable funding for the entire period of performance is \$1,000,000 in direct costs. Indirect costs may be proposed in accordance with the institution's negotiated rate agreement. 	Pre-Application: June 10, 2015 5:00 p.m. ET Invitation to Submit an Application: July 2015 Application: October 1, 2015 11:59 p.m. ET

Idea Development Award Go to: Program Announcement General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-15-ARP-IDA	Investigators at or above the level of Assistant Professor (or equivalent)	 Supports the development of innovative, high-impact ideas that advance the understanding of ASD and ultimately lead to improved outcomes. Applications in the following areas are strongly encouraged: Assessment of novel therapeutics using valid preclinical models Environmental risk factors Mechanisms of heterogeneous clinical expression of ASD Mechanisms underlying conditions co-occurring with ASD (e.g., sleep disturbances, gastrointestinal issues, aggression, depression, anxiety) Factors promoting success in key transitions to independence for individuals living with ASD Preliminary data are required. Multiple Principal Investigator (PI) Option: Up to two investigators may collaborate on a single application, each of whom will be recognized as a PI and receive a separate award. Pre-application is required; application submission is by invitation only. 	 The maximum period of performance is 3 years. The maximum allowable funding for the entire period of performance is \$340,000 in direct costs. For multiple PIs, the combined funding for all PIs for the entire period of performance may not exceed \$340,000 in direct costs. Indirect costs may be proposed in accordance with the institution's negotiated rate agreement. 	Pre-Application: June 10, 2015 5:00 p.m. ET Invitation to Submit an Application: July 2015 Application: October 1, 2015 11:59 p.m. ET
