Fiscal Year 2015 Neurofibromatosis Research Program (NFRP) Reference Table of Award Mechanisms and Submission Requirements

Award Mechanism	Eligibility	Key Mechanism Elements	Funding	Submission Deadline
Clinical Trial Award Go to: Program Announcement General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-15-NFRP-CTA	Must be an independent investigator <i>at or above</i> the level of Assistant Professor (or equivalent).	 Funds Phase 0, I, or II clinical trials relevant to NF and/or schwannomatosis. Combinations of phases are permitted. <i>Pilot Trials require scientific rational and/or preliminary data.</i> <i>Phase I or II trials require scientific rational and preliminary data</i> 	 The maximum period of performance is 4 years. The maximum allowable funding for the entire period of performance is \$900,000 direct costs. Indirect costs may be proposed in accordance with the institution's negotiated rate agreement. 	Pre-application (Letter of Intent): July 10, 2015 5:00 p.m. Eastern time (ET) Application: July 27, 2015 11:59 p.m. ET
Exploration – Hypothesis Development Award Go to: • <u>Program Announcement</u> • <u>General Application</u> <u>Instructions</u> Grants.gov Funding Opportunity Number: <u>W81XWH-15-NFRP-EHDA</u>	All levels of experience.	 Supports the initial exploration of innovative, high-risk, high-gain concepts in NF research to lay the groundwork for future avenues of investigation. <i>Preliminary or published data encouraged but not required.</i> Projects involving human subjects or human anatomical substances must be exempt under 32 CFR 219.101(b) or eligible for expedited review under 32 CFR 219.110 or 21 CFR 56.110. Clinical trials not allowed. 	 The maximum period of performance is 2 years. The maximum allowable funding for the entire period of performance is \$100,000 direct costs. Indirect costs may be proposed in accordance with the institution's negotiated rate agreement. 	Pre-application (Letter of Intent): July 10, 2015 5:00 p.m. ET Application: July 27, 2015 11:59 p.m. ET

Award Mechanism	Eligibility	Key Mechanism Elements	Funding	Submission Deadline
Investigator-Initiated Research Award Go to: • Program Announcement • General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-15-NFRP-IIRA	 Principal Investigator (PI): Must be an independent investigator <i>at or above</i> the level of Assistant Professor (or equivalent). Optional Qualified Collaborator: Must be <i>at or</i> <i>above</i> the level of Assistant Professor (or equivalent) and must plan to contribute at least a 10% level of effort for the entirety of the period of performance. 	 Supports highly rigorous, high impact research with the potential to make an important contribution to NF research and/or patient care. <i>Preliminary or published</i> <i>data required</i>. Optional Qualified Collaborator: Applications that include a Qualified Collaborator who meets criteria identified in the Program Announcement/ Funding Opportunity may apply for a higher level of funding. Clinical trials not allowed. 	 The maximum period of performance is 3 years. The maximum allowable funding for the entire period of performance is \$525,000 direct costs (\$575,000 direct costs if requesting an Optional Qualified Collaborator). Indirect costs may be proposed in accordance with the institution's negotiated rate agreement. 	Pre-application (Letter of Intent): July 10, 2015 5:00 p.m. ET Application: July 27, 2015 11:59 p.m. ET
New Investigator Award Go to: • Program Announcement • General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-15-NFRP-NIA	Must be either an independent investigator <i>at</i> <i>or below</i> the level of Assistant Professor (or equivalent) <i>or</i> an established independent investigator in an area other than NF <i>at or</i> <i>above</i> the level of Assistant Professor seeking to transition into a career in NF research. To be eligible, applicants may not have received more than \$300,000 in direct costs for NF research as a PI of one or more federally funded, non-mentored peer reviewed grants. PI must demonstrate a commitment of at least 10% effort toward the proposed NF research project.	 Supports the continued development of promising independent investigators and/or the transition of established investigators from other research fields into a career in NF research. Experience in NF research is allowed, but not required. <i>Preliminary or published data required.</i> Clinical trials not allowed. 	 The maximum period of performance is 3 years. The maximum allowable funding for the entire period of performance is \$450,000 direct costs. Indirect costs may be proposed in accordance with the institution's negotiated rate agreement. 	Pre-application (Letter of Intent): July 10, 2015 5:00 p.m. ET Application: July 27, 2015 11:59 p.m. ET
