Fiscal Year 2019 Peer Reviewed Alzheimer's Research Program Reference Table of Award Mechanisms and Submission Requirements

Award Mechanism	Eligibility	Key Mechanism Elements	Funding	Submission Deadline
Convergence Science Research Award: Program Announcement General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-19-PRARP-CSRA	Level I: The Principal Investigator (PI) must be an independent, early-career investigator within 3 years of his/her first independent faculty position (or equivalent). Level II: The PI must be an independent investigator at or above the level of Assistant Professor (or equivalent).	Intent: Support innovative or novel efforts to generate research resources, tools, or research efforts for researchers and/or practitioners in health sciences. Applications must address one or more of the following FY19 PRARP Overarching Challenges: Paucity of Research Resources Paucity of Clinical Studies Diagnostics and Prognostics Epidemiology Applications should address at least one of the following FY19 PRARP Focus Areas: Mechanisms of Pathogenesis Biomarkers Epidemiology Novel Target Identification Bioinformatics Research considering pharmacologic interventions is specifically discouraged under this mechanism. Preliminary data, while not required, are encouraged.	 Maximum funding of \$225,000 for direct costs (plus indirect costs). Maximum period of performance is 3 years. Indirect costs may be proposed in accordance with the institution's rate agreement. Level II: Maximum funding of \$500,000 for direct costs (plus indirect costs). Maximum period of performance is 3 years. Indirect costs may be proposed in accordance with the institution's rate agreement. 	Pre-Application (Letter of Intent): June 26, 2019, 5:00 p.m. ET Application: July 17, 2019, 11:59 p.m. ET

Award Mechanism	Eligibility	Key Mechanism Elements	Funding	Submission Deadline
Innovation in Care and Support Award Go to: Program Announcement General Application Instructions Grants.gov Funding Opportunity Number: W81XWH-19-PRARP-InCASA	Level I: The PI must be an independent, early-career investigator within 3 years of his/her first independent faculty position (or equivalent). Level II: The PI must be an independent investigator at or above the level of Assistant Professor (or equivalent).	Intent: To support innovative research that improves the quality of life and care for individuals living with the common symptoms of TBI and/or AD/ADRD and/or their families and care providers. Applications must address one or more of the following FY19 PRARP Overarching Challenges: Paucity of Clinical Studies Diagnostics and Prognostics Epidemiology Quality of Life Family and Care Support Applications should address at least one of the following FY19 PRARP Focus Areas: Biomarkers Quality of Life Family and Caregiver Support Epidemiology Nonpharmacological Interventions and Devices Bioinformatics Research considering pharmacologic interventions is specifically discouraged under this mechanism. Preliminary data, while not required, are encouraged.	 Maximum funding of \$225,000 for direct costs (plus indirect costs). Maximum period of performance is 3 years. Indirect costs may be proposed in accordance with the institution's rate agreement. Level II: Maximum funding of \$500,000 for direct costs (plus indirect costs). Maximum period of performance is 3 years. Indirect costs may be proposed in accordance with the institution's rate agreement. 	Pre-Application (Letter of Intent): June 26, 2019, 5:00 p.m. ET Application: July 17, 2019, 11:59 p.m. ET

The PI must be a independent investigator at or above the level of Assistant Professor (or equivalent). The PI must be an independent investigator at or above the level of Assistant Professor (or equivalent).
Bioinformatics Research considering pharmacologic interventions is specifically discouraged under this mechanism.
