- Program Announcement
- General Application Instructions

Grants.gov Funding Opportunity Number: W81XWH-19-PCRP-IDA

- Maximum funding of $750,000 for direct costs (plus indirect costs).
- Maximum funding of $600,000 for direct costs (plus indirect costs).
- Maximum period of performance is 3 years.

### Fiscal Year 2019 (FY19) Prostate Cancer Research Program (PCRP) Reference Table of Award Mechanisms and Submission Requirements

#### PCRP AWARD MECHANISMS WITH EMPHASIS ON IMPACT

<table>
<thead>
<tr>
<th>Award Mechanism</th>
<th>Eligibility</th>
<th>Key Mechanism Elements</th>
<th>Funding</th>
<th>Submission Deadline</th>
</tr>
</thead>
</table>
| **Clinical Trial Award**         | Independent investigators at all levels                                      | • Supports hypothesis-based, early-phase clinical trials (e.g., Phase 0, Phase I, pilot Phase II) to test interventions that will have a major impact on one or more of the FY19 PCRP Overarching Challenges.  
• Interventions may include drugs, devices, biologics, surgical procedures, behavior modifications, or other types.  
• Investigational New Drug or Investigational Device Exemption approvals, if applicable, must be in place by the time of application submission.  
• Letter of support to demonstrate proof of possession of sufficient drug supply to conduct study must be provided (if appropriate).  
• Clinical trials are expected to be initiated within 12 months of the award date. | • Maximum funding of $2,000,000 for direct costs (plus indirect costs).  
• Maximum period of performance is 4 years. | Pre-Application (Letter of Intent): June 27, 2019 5:00 p.m. Eastern Time  
Application: July 18, 2019 11:59 p.m. Eastern Time |
| **Health Disparity Research Award** | Established Investigators: Independent investigators at all levels  
or New Investigators: Investigators that meet the following criteria at the application submission deadline date:  
• Have the freedom to pursue individual aims without formal mentorship  
• Have not previously received a PCRP Health Disparity Research Award and/or Idea Development Award | • Supports ideas that have high potential to make a significant impact in reducing and ultimately eliminating disparities in prostate cancer incidence, morbidity, and mortality.  
• Primary emphasis will be placed on the potential impact of the proposed work.  
• Preliminary data are encouraged, but not required.  
• Proposed projects may include basic, translational, population science, or clinical research, including clinical trials.  
• Must address at least one of the FY19 PCRP Overarching Challenges.  
• New Investigator Option supports applicants early in their faculty appointments or in the process of developing independent research careers. | Established Investigators:  
• Maximum funding of $750,000 for direct costs (plus indirect costs).  
New Investigators:  
• Maximum funding of $600,000 for direct costs (plus indirect costs).  
• Maximum period of performance is 3 years. | Pre-Application (Letter of Intent): June 27, 2019 5:00 p.m. Eastern Time  
Application: July 18, 2019 11:59 p.m. Eastern Time |
### PCRP AWARD MECHANISMS WITH EMPHASIS ON IMPACT

<table>
<thead>
<tr>
<th>Award Mechanism</th>
<th>Eligibility</th>
<th>Key Mechanism Elements</th>
<th>Funding</th>
<th>Submission Deadline</th>
</tr>
</thead>
</table>
| **Synergistic Population and Data Science Award**   | Independent investigators with a faculty-level appointment (or equivalent)   | • Supports multi-institutional partnerships that will leverage existing prostate cancer patient datasets and/or cohorts to address high-impact questions responsive to the FY19 PCRP Overarching Challenges.  
• Allows for development of infrastructure to facilitate access to multiple datasets/cohorts, as well as conducting hypothesis-based studies utilizing the multi-institutional datasets.  
• Minimum of three institutions and three patient datasets/cohorts is required. | • Maximum funding of $1,500,000 for direct costs (plus indirect costs).  
• Maximum period of performance is 4 years. | Pre-Application (Letter of Intent):  
June 27, 2019 5:00 p.m. Eastern Time  
Application:  
July 18, 2019 11:59 p.m. Eastern Time |
| **Translational Science Award**                      | Independent investigators at all levels                                      | • Supports translational studies that will advance promising ideas into clinical applications.  
• The potential impact of the research is expected to be significant and go beyond an incremental advance.  
• Preliminary data to support feasibility are required.  
• Proposed projects may include basic, translational, population science, or clinical research, but must demonstrate clinical relevance. Clinical trials are not allowed. | • Maximum funding of $750,000 for direct costs (plus indirect costs).  
• Maximum period of performance is 3 years. | Pre-Application (Letter of Intent):  
June 27, 2019 5:00 p.m. Eastern Time  
Application:  
July 18, 2019 11:59 p.m. Eastern Time |

**Award Mechanism**

- Have completed at least 3 years of postdoctoral training or fellowship and are within 10 years after completion of a terminal degree (excluding residency or family medical leave)
